

# Passenger Poll: What Would You Do?

Survey three to five classmates to find out how they would react in an impaired-driving situation. Read the questions in the chart below to each person you interview and record their responses in the space provided. Use the back of the sheet if you need more space.

When done, use the information you collect to brainstorm ways you can encourage passengers to speak up for their safety and avoid or get out of dangerous impaired-driving situations. With your friends, practice how you would respond by speaking out loud to help eliminate any embarrassment or hesitation.
